

F P - 5 L & F - 5 L i

T E C H N O L O G I C A L L Y A D V A N C E D

Both the FP-5L and FP-5Li are small office scales with lots of features. You can calculate postage for packages up to 5 pounds with your choice of domestic U.S.P.S. rates, plus letter rates to Canada and Mexico. Or you can shop for special service rates. Send your mail either certified, registered, return receipt, or insured and be assured it will get there safely.

If you want to connect a scale to your T-1000 postage meter, choose the FP-5Li. The Conquest System allows the two machines to be connected so postage amounts will automatically transfer from the scale to the meter for faster mail processing.

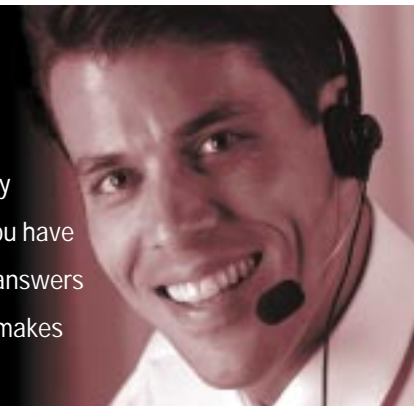

All this matched with an easy-to-use keyboard, brightly lit display, and small footprint will make your FP-5L or FP-5Li scale hard to beat.

Ask your FP dealer for a demonstration today.
