

Optimail 30

Postage on Demand for Your Growing Business

Get letters and packages ready to mail on your schedule with FP Mailing Solutions' new Optimail 30. This semi-automatic digital postage meter is specifically designed to meet the mailing needs of a small business or branch office. The Optimail 30 is not only a workhorse that delivers up to 32 pieces of mail per minute, it is also a personal assistant that features a letter-storage catch tray to organize all your mailing supplies. Small and compact, the Optimail 30 will fit anywhere in your office. It also keeps an eye on your budget by securely downloading the exact amount of postage needed.

Additionally, the Optimail 30 will add to your bottom line when interfaced with optional scales. You can weigh and meter letters and packages with confidence, knowing you will always have the correct postage. And since metered mail travels faster through the postal system than stamped mail, your important business communications will look more professional and get to your customers more quickly, speeding response and cash flow. **A**ccurate and IBIP compliant, the Optimail 30 offers your business advanced capabilities at a very affordable price.

Optimail 30

Key Advantages

Postage on Demand With the Optimail 30, accurate postage for your letters and packages will be at your fingertips 24/7. Semi-automatic and IBIP compliant, this digital postage meter processes up to 32 pieces or 30 letters per minute. It also securely downloads the exact dollar amount of postage needed directly into the meter.

Fits Into Any Office Environment Small and quiet, the Optimail 30 fits conveniently anywhere in your office. Designed to enhance the efficiency and professional image of your business, the black-lit display with soft keys makes it easy to operate with no special training needed.

Cost-saving Features The Optimail 30 will add to your bottom line when you use its integrated seven-pound scale and optional moistener. Weigh letters and packages for accurate postage every time. It offers a unique account administration function that registers and evaluates postage for nine separate accounts.

A True Marketing Tool The Optimail 30 helps you differentiate your business with the ability to print your logo and up to six customizable messages or advertisements. Metered mail offers a more professional image to customers and prospects receiving your correspondence.
